BULLETIN

Summary of Board Meeting by teleconference 3rd December 2014

Much of the discussion at the December meeting revolved around the new portfolios and the priorities to be placed on them. There was discussion on the following points:

- Changes in regional funding allocations.
- Marketing and Promotions – Donna Emmerton has set out the key tasks for this portfolio and prioritised them.
- A draft 2014-15 budget is being finalised.
- The Commercial Advisory Committee has a new member from South Australia and another from West Australia – see the November newsletter to see what the CAC have been up to.
- Red and blue inspectors classing tags are to come back to the Armidale Office by early next year.
- The Dorper Sheep Breeders Society of South Africa has determined that the DSSA may not replicate the Dorper Breed Standards on our website due to copyright issues.
- The lift-out in the land paper was discussed. This option has been supported by all the regions and it was decided that it will be done instead of the magazine in 2015.
- The late registration fee was briefly discussed and discussion will continue on this issue at the next board meeting in February 2015.
- There was a QLD region update from Donna Emmerton that some comments were made at their latest meeting about the change in the inspector's tag colour being incorrectly regarded as a change in the typing system.

The next meeting will be a face-to-face meeting held in Sydney in February 2015.
