VISION:

To strive for Client Satisfaction, we provide a great service!

MISSION:

The Dorper Breeder Society of Namibia (DTGN) is a dynamic organization who strives to develop, expand and improve the National Dorper Breed.

With over 50 official auctions in Namibia per year, where approximately 4000 approved Dorpers are sold under the Dorper Breeders Society we achieved more than N\$ 21 million per year which give a ideal platform for a healthy business.

Statistics proved that the Dorper is the biggest small stock breed in Namibia, with over 90 active members and the National Stud Breed is more than 25 000 registered animals.

The Dorper Breeder Society of Namibia is now registered with LHC Global Systems, and are focused to register all Dorpers and to provide reproduction and growth statistics for our breeders.

It is of the utmost importance that Dorper Sheep breeder's world wide must honor all the outstanding qualities of the breed and there is no doubt that the Dorper Breeder Society of Namibia will be seen as a remarkable achievement in the world of small stock breeding!

The National Championship will take place in Keetmanshoop on 09 – 11 September 2009, you are invited for this outstanding event!
